Celebrate Women's History Month

*If the children are our future,
then there is no greater way to
invest in the future than
investing in our children.*

DID YOU KNOW?

Reading is the fastest way to build vocabulary. Children learn 4,000 to 12,000 words per year through reading.

readinginmotion RIM Tip: Learning vocabulary from a book is much easier than memorizing words from a dictionary because you're learning the words contextually. The words make sense within the context of what you're reading, making it easier to remember later.
